Eagle Clamshell Mount

DATA SHEET

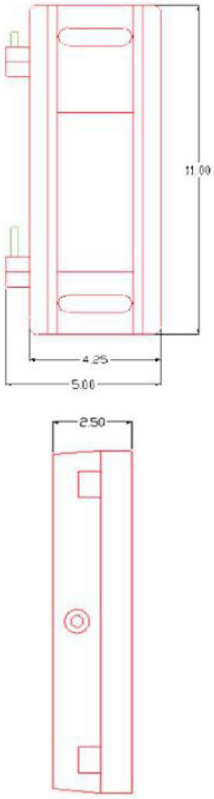

DESCRIPTION

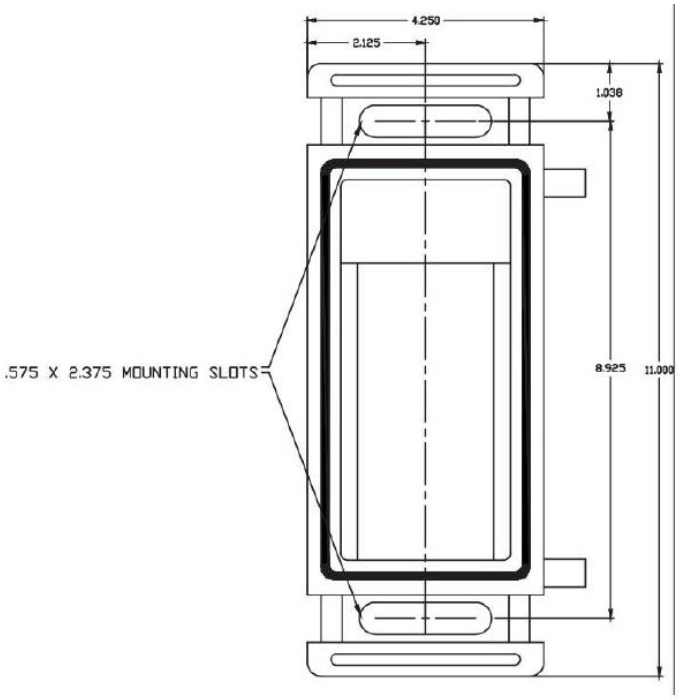

The Eagle Clamshell Mount is a quick and convenient way to mount a 16-inch pedestrian maintenance housing. With one half installed on the pole and the other half installed on the housing, the dual mount pieces easily slide together creating a single, secure mount that allows easy maintenance access and quick removal and remounting in the field.

STANDARD FEATURES

- **Design allows for mounting to left or right side of maintenance head.**
- **Neoprene gasket used around access door and wire entrance hole on back side of mount to ensure weather tight seal.**
- **3 position double row terminal block a allows Field wires to terminate in Clamshell.**
- **24” Wire leads provided to connect Clamshell terminal block to Ped terminal block.**

POLE MOUNTING
