TF4000 Series Load Bay NEMA TS-1

DATA SHEET

DESCRIPTION

Eagle Load Bays are available in dedicated four, eight, twelve, and sixteen load switch configurations. The TF4000 series load bays are hardwired for ease of maintenance and economical modification. The load bays can be programmed from the front panel, using only a screwdriver. The load bays will fit into most existing Eagle cabinets and can be installed in less than four (4) hours.

Part Number	Controller	Monitor	Load Switch Position	Flash Relay Positions	NEMA-2 Circuit Flasher	Power Distribution	Dimensions
TF4002	NEMA TS-1	NEMA 3CH	4	1	1	30A	15" H x 19" W
TF4004	NEMA TS-1	NEMA 6CH	8	4	1	30A**	18.5" H x 19" W
TF4008	NEMA TS-1	NEMA 12CH	12	6	1	50A**	18.5" H x 28.25" W
TF4014	NEMA TS-1	NEMA 12CH*	8	4	1	30A**	18.5" H x 19" W
TF4016	NEMA TS-1	NEMA 12CH	16	8	1	50A**	18.5" H x 28.25" W

*8 usable channels
**External power distribution panel configured to customer requirements
